Tackling Serious Violence Together launch

27 May 2026

Bradford district

Music Box Inspiring Voices CIC

Project name: Cut Music - Creative prevention through music Violence against women and girls / Soundwave

What will your proposed project do?

- Bringing together young people, police and professional artists to creatively and collaboratively explore themes relating to Violence Against Women and Girls (VAWG) by writing and recording a song/rap.
- Provide a safe, inclusive environment to express perspectives, lived experiences and ideas. Indirectly, using music as a tool, the project will educate, raise collective awareness around VAWG, healthy relationships, consent and respect.
- Open, guided conversations to challenge perceptions, break down barriers with the police and encourage mutual understanding.

What difference will the project make?

- Increase awareness and understanding of VAWG, its impact, and how to challenge harmful behaviours and change attitudes, this in turn contributing to early intervention/prevention.
- Empower young people to speak out, challenge improper behaviour, build confidence, and become advocates for positive change within their communities.
- Improve trust and relationships between young people and police through meaningful collaboration, improving the rate of reporting of VAWG offences.
- Challenge stereotypes, sexism, and harmful social norms that contribute to VAWG.

Who will your project support?

- Young people aged 11 – 14, from disadvantaged backgrounds and/or those at risk of disengagement, exclusion or involvement in harmful behaviours.
- Young girls, by amplifying their voices and experiences in a supportive environment
- Young boys, by engaging them in conversations around respect and accountability, challenging ideas of toxic masculinity and promoting positive masculinity.
- Police Officers, as this project will provide opportunities to engage with young people in a creative and collaborative way and break down barriers.
- The wider community, through increased awareness, the promotion of safer, more inclusive attitudes and through seeing positive improvements in the young people.

How much will the project cost? £10,000.

Hollings Youth Association CIC

Project name: Youth Focus: Community-Led Violence Prevention

What will your proposed project do?

- Provide regular, safe spaces for young people through structured sports and activities. Deliver youth leadership qualifications to build confidence and skills.
- Run targeted sessions for young women and girls to increase participation.
- Engage parents and carers to improve awareness and early support Build positive relationships between young people and trusted youth workers.

What difference will the project make?

- Increase confidence, resilience, and positive behaviour among young people.
- Reduce risk factors linked to anti-social behaviour and substance misuse.
- Support young people to become positive role models and leaders Improve inclusion, particularly for young women and girls
- Contribute to a safer, stronger, and more connected community.

Who will your project support?

- Over 80 children and young people aged 10–25 in Manningham
- Young people from diverse and disadvantaged backgrounds
- Young women and girls who face barriers to participation
- Young people at risk of disengagement or anti-social behaviour Parents, carers, and the wider community

Yorkshire Youth and Music

Name of your proposed project: Youth Music & Mentoring

What will your proposed project do?

- Provides music-based intervention for vulnerable young people (12–18) referred by youth justice, schools, and CAMHS, helping them express emotions and build positive life choices.
- Uses music making to explore feelings, challenge harmful influences, and improve mental wellbeing and confidence.
- Encourages engagement and community connection by helping young people collaborate and build positive relationships.
- Introduces a peer mentoring programme where trained former participants support new attendees.
- Aims to reduce risk factors such as offending, exploitation and isolation while creating positive role models and stronger, safer local communities.

What difference will the project make?

- Improved mental health and emotional wellbeing, with young people better able to express feelings safely and manage difficult emotions.
- Reduced involvement in crime and risky behaviours, including less contact with police and greater resistance to exploitation or negative influences.
- Increased confidence, aspirations, and engagement with learning, especially for those who struggle in traditional education settings.
- Stronger social connections and sense of belonging through positive peer groups, mentoring relationships, and community activities.
- More positive role models in the community, as young people progress into peer mentors and support others to make better life choices.

Who will your project support?

- Vulnerable and high-risk young people aged 12–18 referred by Youth Justice, schools, and CAMHS.
 - Young people at risk of criminal exploitation, offending, or involvement in gangs.
 - Those experiencing mental health challenges, trauma, or emotional and behavioural difficulties.
 - Young people with disrupted education, low engagement in school, or speech, language and communication needs.

Turning Point, Wakefield

Name of your proposed project: Wakefield Mental Health Day 2026

What will your proposed project do?

- 245. We seek funding to deliver Wakefield Mental Health Day 2026, a large-scale, co-designed community wellbeing event at The WX (Wakefield Exchange). The event will bring together over 50 VCSE organisations, public services and community partners to provide accessible early-intervention support and practical guidance for Wakefield residents.
- 246. Poor mental health, trauma, social isolation and delayed access to support are well-evidenced risk factors associated with serious violence, knife crime, exploitation, domestic abuse and violence against women and girls. Addressing these issues early directly supports the programme's aim to improve community safety and reduce harm.
- 247. The event uses a proven multi-agency "live search engine" model, enabling residents to access mental health, substance misuse, domestic abuse, youth and trauma-informed services in one trusted space. Activities will include wellbeing checks, lived-experience discussions, creative and physical activities, and short talks on suicide prevention, safety and navigating support systems.

What difference will the project make?

- 248. Reduce serious violence by improving wellbeing, mental health literacy and access to early support, addressing risk factors linked to knife crime, exploitation, domestic abuse and interpersonal violence.
- 249. Build community resilience and reduce inequality through inclusive, stigma-free pathways into help for residents experiencing mental health challenges, social isolation or disadvantage.
- 250. Bring together 50+ Wakefield-based VCSE and statutory organisations through an information and support marketplace, strengthening collaboration, referral pathways and local economic benefit.
- 251. Empower residents through co-design with people with lived experience, peer mentors and volunteers.
- 252. Deliver wellbeing, creative and family-friendly activities, health checks and peer-led navigation, with accessibility co-designed by lived-experience partners.

Who will your project support?
